Market of Opportunities 08.10.2026

On **October 8, 2026** from **11 a.m. to 3 p.m**, Otto von Guericke University Magdeburg cordially invites all new students to the **Market of Opportunities** in building 22. As part of the induction days, this special afternoon offers the opportunity to get to know the diverse life on and off campus.

Central institutions, student councils, student initiatives and many other contact points present themselves with stands, activities and personal discussions. Whether it's advice, support in everyday student life or leisure activities – here you will find all the information you need to start your studies.

Join in, network, get started

What does it mean to study in Magdeburg? What opportunities are there to get involved? And where can you quickly make new contacts? At the **Market of Opportunities** you will find answers to all these questions – directly from the people who actively shape campus life.

Over **50 student initiatives** invite you to get involved – from cultural activities, social projects and sport to professional networks and political groups. Those who get involved can not only contribute their interests and hobbies, but also get to know many new people and actively shape their own time at university.

At the same time, numerous university and city institutions that play an important role during your studies will also be presenting themselves – from advice and mobility to leisure and cultural activities.

The Market of Opportunities is the ideal place to make initial contacts, ask questions – and be inspired. Come along and discover what student life at OVGU has to offer!

The Study-ABC (VI)

- **Seminars** [§ 9 para. 4 SER]:

  – "Seminars are used for teachers and students to scientifically appraise theoretical and practical issues collaboratively. This can be in a variety of different ways of working (provision of information, presentations, development of theses, discussions) and in groups, whilst ensuring that each student's individual performance is assessed. Seminars generally require collaboration by the students, at least in the form of presentations in accordance with § 14 para. 9 [SER] and term papers in accordance with § 14 para. 7 [SER]."

The Study-ABC (VII)

- **Scientific Projects** [§9 para. 5 SER]
  - Scientific projects help the students to demonstrate that they are cable of working independently. Depending on the stipulations of the module, the project is either worked on individually or in teams (team/group project with individual assessment).

The Study-ABC (VIII)

- **Activate and use OVGU e-mail address!!!**
- „E-mails from students to the Examination Office will only be processed or answered if they were sent from the student address (vorname.nachname@st.ovgu.de) and the matriculation number is indicated!“
