Market of Opportunities 08.10.2026

Market of Opportunities – 08 October, 2026

On **October 8, 2026** from **11 a.m. to 3 p.m.**, Otto von Guericke University Magdeburg cordially invites all new students to the **Market of Opportunities** in building 22. As part of the induction days, this special afternoon offers the opportunity to get to know the diverse life on and off campus.

Central institutions, student councils, student initiatives and many other contact points present themselves with stands, activities and personal discussions. Whether it's advice, support in everyday student life or leisure activities – here you will find all the information you need to start your studies.

Join in, network, get started

What does it mean to study in Magdeburg? What opportunities are there to get involved? And where can you quickly make new contacts? At the **Market of Opportunities** you will find answers to all these questions – directly from the people who actively shape campus life.

Over **50 student initiatives** invite you to get involved – from cultural activities, social projects and sport to professional networks and political groups. Those who get involved can not only contribute their interests and hobbies, but also get to know many new people and actively shape their own time at university.

Anh Thi Hong Lam, International Taxation and Public Finance (ITPF)

„What really stands out is how ITPF intersects international tax and public finance in a meaningful and practical way. On top of that, as an international student, I find the bilingual format especially valuable. It makes the entire feel more open, diverse, and globally connected."

The Study-ABC (IV)

1) Instead of a second seminar, one scientific project amounting to 15 CP can also be completed. In this case, a 5 CP module in the area of specialization can be omitted.

2) Instead of the modules in the area of supplements, further modules can be completed in the area of specialization, depending on what is offered.

3) **Up to 10 CP** can be credited for the **language proficiency test in German,** for the UNIcert III or IV language proficiency test in English, or for a language proficiency test in another foreign language.

4) Instead of the module in the area of "CoMeT – Competencies and Methods Training", a module amounting 5 CP can be taken in the area of supplements.

The Study-ABC (V)

- **Seminars** [§ 9 para. 4 SER]:

  – "Seminars are used for teachers and students to scientifically appraise theoretical and practical issues collaboratively. This can be in a variety of different ways of working (provision of information, presentations, development of theses, discussions) and in groups, whilst ensuring that each student's individual performance is assessed. Seminars generally require collaboration by the students, at least in the form of presentations in accordance with § 14 para. 9 [SER] and term papers in accordance with § 14 para. 7 [SER]."

The Study-ABC (VI)

- **Scientific Projects** [§9 para. 5 SER]
  - Scientific projects help the students to demonstrate that they are cable of working independently. Depending on the stipulations of the module, the project is either worked on individually or in teams (team/group project with individual assessment).

Important regulations & notes (1)

- §8 para. 1 PSSER regulates:
- The degree program is divided into a compulsory area with 15 CP, a compulsory elective area with 75 CP and the compulsory module "Master's thesis" (30 CP). The compulsory modules take place exclusively in the semester listed in Appendix 1. The final module examinations can be taken in any semester.
- In compulsory elective modules, 75 CP must be obtained. Of these
  - at least 55 CP in the area of specialization, whereby
    - at least 10 CP must be obtained through seminar work and exactly one scientific project amounting to 15 CP

    or
    - at least 20 CP must be obtained through seminar work.

Important regulations & notes (2)

- In the supplementary area can be earned further modules. This includes:
  - choosing modules from the course offerings specified for this study program, or
  - earning 5 ECTS credits in the area of "CoMeT – Competencies and Methods Training." or
  - to support entry into relevant professional fields as per § 2 (9), up to 10 ECTS credits in the supplementary area can be credited for language proficiency exams in German, for UNIcert III or IV in English, or for a language proficiency exam in another foreign language.

Important regulations & notes (3)

- §8 para. 5+6 SER regulate:
- Each semester, before the start of the respective examination registration period (key term: **course list**) the Faculty Council will decide upon the allocation of the modules to the area of specialization and on the specific compulsory elective areas of the respective study program.
- Furthermore, on application to the board of examiners, relevant modules from the range of courses offered by other faculties may be assigned to the compulsory elective and elective areas.

- Publication of the assignments (binding) in the so-called course list
- changes to the course list possible on both sides until **30.10.2026**
